KX-350 TREE SHEAR

The largest KX brand shear - built from high grade steel. An extension arm may be added to increase reach and address low-hanging limbs. The blade is detachable so the attachment can be used as a grapple only. Delivered with a flat-top mount.

- Recommended excavator size: 13 – 25 MT
- Max Cutting Capacity: 13.75"
- 1475 lbs.
- Pressure: 3900-4350 psi
- Opening: 45"
- 1 Year Warranty

OPTIONS

- 3-FOOT EXTENSION ARM (93 lbs.)
- ACCUMULATOR (220 lbs.) – requires additional auxiliary circuit.
